About Me

Full-Stack Developer and Conversion Tracking Specialist with experience building scalable web applications, CRM integrations, and marketing automation solutions. Skilled in React, Next.js, Node.js, and Python, with hands-on expertise in GoHighLevel (GHL), HubSpot CRM, business funnels, and workflow automation. Experienced in implementing accurate conversion tracking using Google Tag Manager (GTM), Google Analytics 4 (GA4), Meta Conversions API (CAPI), Google Ads, and Meta Ads, helping businesses optimize performance through reliable analytics and data-driven insights. Passionate about developing high-quality solutions that bridge software engineering with digital marketing technology.
